

The 2nd Annual Ride Into Sight Tractor Ride

**Saturday
August 3, 2019**

Tyler Juranek

Tyler was born in August of 1996 without sight. This has never slowed Tyler down. He has always been driven to help others.

Today, Tyler owns his own business and is a licensed massage therapist. He is involved in many clubs and organizations and even hosts a spot on the radio.

Tyler's Mission

Tyler's mission is to educate people about visual impairments and is working with the University of Iowa in a vision program that may one day provide the gift of sight to many people. Tyler's hope is that someday, visual impairments will be a thing of the past.

"Alone we can do so little; together we can do so much."

Helen Keller

Ride Into Sight

Driving tractors has always been one of Tyler's greatest joys. While he enjoys convincing people to go for a ride, one of his goals is to someday drive off on his tractor alone. That's how an idea started with Tyler.

The first **Ride Into Sight Tractor Ride** was held in 2018 to raise money to benefit the Vision Program at the University of Iowa through the University of Iowa Foundation which is developing a new and exciting technique that may provide the gift of sight to people in the near future. While Tyler would love to be a recipient of this program, his hope is that he can help to be a part of a program that others can benefit from. With the 2019 Tractor Ride, he hopes we can have as much fun as last year and make another contribution.
